

SAFETY DATA SHEET (SDS)

	Section 1. Identi	fication				
Product identifier TPSE READY TO USE						
Other means of identification BO-1985-2						
Recommended use and restrictions on use Degreaser eco ready to use – no rinse						
Initial supplier identifier Kosmic Surf-Pro Inc. 530, rue Charbonneau, Saint-Amable, QC J0L 1N0						
	450-649-3901 & 1-877-711-0711					
Emergency telep	hone number/restriction on use Canada – CANUTEC 2	4-hour number 613-996-6666				
	Section 2. Hazard id	entification				
Classification of	hazardous product (name of the category or subcategory	of the hazard class)				
NOT REGULAT						
Information elen	nents (symbols, signal words, hazard statements and prec	autionary statements of the categor	ry/subcategory)			
NONE						
Other hazards k	nown None					
-	Section 3. Composition/inform	nation on ingredients				
Chemical name ((common name/synonyms)	CAS number or other	Concentration (%)			
None						
	tatement - This safety data sheet provides concentration range(s) inst	tead of the actual concentration(s) conside	red trade secret(s).			
	Section 4. First-aid					
Inhalation	IF INHALED: Remove person to fresh air and keep comfor		ou feel unwell			
Ingestion	IF SWALLOWED: Immediately call a doctor. DO NOT INDUCE VOMITING. NEVER give anything by mouth if victim is					
ingestion	rapidly losing consciousness, or is unconscious or convulsing. Rinse mouth thoroughly with water. Have victim drink two glasses					
	of water. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration.					
Skin contact	IF ON SKIN: Wash with plenty of water (5-10 minutes).	······································				
Eye contact	IF IN EYES, Rinse cautiously with water for several minut	es (5-10 minutes). Remove contact le	enses, if present and easy to do.			
		sient slight eye irritation.				
	mediate medical attention/special treatment In all cases,		iment.			
	Section 5. Fire-fightin					
Specific hazards	of the hazardous product (hazardous combustion produc					
	d other irritant/toxic gases and fumes.					
Suitable and unsuitable extinguishing media In case of fire: Use carbon dioxide, chemical powder agent and appropriate foam to extinguish.						
	e equipment and precautions for fire-fighters					
	tating/toxic smoke and fumes may be generated. Do not enter	fire area without proper protection	Firefighters should wear proper			
	ent and self-contained breathing apparatus with full facepiece.					
Move containers from fire area if it can be done without risk. Water spray may be useful in cooling equipment and cans exposed to heat and flame. Section 6. Accidental release measures						
Personal precaut	tions, protective equipment and emergency procedures	icase incusures				
		ed by trained personnel only All pers	ons dealing with clean-up should			
Restrict access to area until completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up should wear the appropriate protective equipment (See Section 8).						
Methods and materials for containment and cleaning up						
Ventilate area of release. Stop the leak if it can be done safely. Contain and absorb any spilled liquid concentrate with inert absorbent material, then						
place material into a container for later disposal (see Section 13). Contaminated absorbent material may pose the same hazards as the spilled product.						
•	riate authorities as required.	ussorbein inderna may pose die sam	e nazards us the spined product.			
Section 7. Handling and storage						
Precautions for safe handling						
Wear gloves/protective clothing/eye protection/face protection.						
Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene						
measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers						
for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid						
contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep						
away from incompatible materials (Section 10). Keep containers closed when not in use. Empty containers are always dangerous. Refer also to						
Section 8.						
Conditions for safe storage, including any incompatibilities						
Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Store away from incompatible materials (Section 10).						
Inspect all incoming containers to make sure they are properly labelled and not damaged. Storage area should be clearly identified, clear of						
obstruction and accessible only to trained personnel. Inspect periodically for damage or leaks.						

Section 8. Exposure controls/Personal protection

Control parameters (biological limit values or exposure limit values and source of those values)

Exposure limits: ACGIH - TLV-TWA & PEL-TWA none.

Appropriate engineering controls

Use under well-ventilated conditions. Local exhaust ventilation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

Individual protection measures/personal protective equipment

Respiratory protection is required if the concentrations are higher than the exposure limits. Use a NIOSH approved respirators if the exposure limits are unknown. Chemically protective gloves (impervious), and other protective clothing to prevent prolonged or repeated skin contact, must be worn during all handling operations. Wear protective chemical splash goggles to prevent mists from entering the eyes. Wash hands/nails/face thoroughly after handling. Do not eat, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use.

contaminated work clothing before re-use.						
Section 9. Physical and		-	1			
Appearance, physical state/colour Yellow liquid	Vapour p		Not available			
Odour Fresh	Vapour d	lensity	Not available			
Odour threshold Not available	Relative	Relative density ~ 1				
pH Not available Solubility Soluble						
Melting/freezing point Not available	Partition	Partition coefficient - n-octanol/water Not available				
Initial boiling point/range Not available	Auto-ign	Auto-ignition temperature Not available				
Flash point Not available		Decomposition temperature Not available				
Evaporation rate Not available	Viscosity	Viscosity Not available				
Flammability (solids and gases) Not available	VOC Not available					
Upper and lower flammability/explosive limits Not available	Other	Other None known				
Section 10. Stabili	Section 10. Stability and reactivity					
Reactivity						
Does not react under the recommended storage and handling conditions pres	scribed.					
Chemical stability						
Stable under the recommended storage and handling conditions prescribed.						
Possibility of hazardous reactions						
None						
Conditions to avoid (static discharge, shock or vibration)						
Keep away from heat, hot surfaces, sparks, open flames and other ignition	n sources. No si	moking.				
Incompatible materials		C				
Oxidizing materials; etc.						
Hazardous decomposition products						
None known						
Section 11. Toxicological information						
Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)						
Causes transient slight eye irritation.						
Symptoms related to the physical, chemical and toxicological character	eristics					
Skin irritation, redness, stinging, pain; Eye irritation, redness, tearing.						
Delayed and immediate effects (chronic effects from short-term and long-term exposure)						
Skin Sensitization – No data available; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity						
- No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity - No data available; Specific Target Organ Toxicity - Single						
Exposure – No data available; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available;						
Health Hazards Not Otherwise Classified – No data available.						
Numerical measures of toxicity (ATE; LD50 & LC50)						
No data available.						
ATE not available in this document.	ATE not available in this document.					
Section 12. Ecological information						
Ecotoxicity (aquatic and terrestrial information)						
No data available.						
Persistence and degradability No data available						
Bioaccumulative potential No bioaccumulation is to be expected.						
Mobility in soil No data available						
Other adverse effects No data available						
Section 13. Disposal considerations						
Information on safe handling for disposal/methods of disposal/contaminated packaging						
Dispose of contents/container into safe container in accordance with local	l, regional or na	ational reg	ulations.			

	Section 14. Transport information					
UN number: Pr	UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations					
Not regulated						
UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime)						
Not regulated						
	oper shipping name; Class(es); Packing group (PG) of the IATA (air)					
Not regulated						
Special precautions (transport/conveyance) None						
Environmental hazards (IMDG or other) None						
Bulk transport (usually more than 450 L in capacity) Possible						
	Section 15. Regulatory information					
Safety/health C	Safety/health Canadian regulations specifics Refer to Section 2 for the appropriate classification. This product has been classified in accordance					
·	with the hazard criteria of the Hazardous Products Regulations (HPR).					
Environmental	Environmental Canadian regulations specifics Refer to Section 3 for ingredient(s) of the DSL					
	nvironmental outside regulations specifics					
None						
	Section 16. Other information					
Date of the late	st revision of the safety data sheet February 24, 2021 version 2 (NSS ENTREPRISE INC.)					
Corrections	Sections 1; 3;
